

The Cape Coral Art League proudly presents:

SEEING LIKE AN ARTIST
PORTRAITURE WITH A FOCUS ON DRAWING
with renowned Artist **Douglas Flynt**
(Jan 22-24, 2010)

This workshop will mainly focus on how an artist of an academic or classical sensibility sees, particularly in terms of drawing. Drawing, whether it is done with line, tone or even color is in essence the correct placement of any mark or brush stroke on a flat surface that expresses spatial form and structure. How we gather, interpret and understand what we see to guide our drawing will be the focus of this workshop.

The model(s) will hold one pose for the entire three days and daily demonstrations will be offered in the form of one drawing/oil paint sketch over those three days. The duration of the time will be devoted to individual feedback.

Workshop participants may proceed in the manner and medium most comfortable for them. However, Douglas will not be able to offer "how to" instruction for each particular media so that participants should be familiar with the working practices of any media they choose.
